## 163

Number of participants seen  
for ODs prior to seeking SS Help

"We can't control it all and we can't eradicate the problem no matter how hard we try. I do honestly believe that we are putting a dent it though... Are our overdoses going to be higher than 2015? Absolutely. Will they be as high as there were projected to be? Nope. And that's because of us." - Christopher Hickey
